

Video Taped Auditions

**** Concert Series Audition videos must be in a format that is easy to view. ****

If you are a Mac user please note that the video will be played on a PC and some additional formatting may be required to make the video play. **We cannot view an Imovie file. Please export and save as a Quick time file, or in a .mov, or .mpg format.** We can also view an uploaded file from YouTube if necessary. Please email the link to the video. All forms must still be received prior to viewing a YouTube video.

Recording Guidelines:

****The shot for the video must be tight and clearly show the performer and their technique.**

- **Singers** are to be recorded from the waist up while facing directly into the camera.

- **Pianists** are to be recorded from their right side. Please make the shot tight enough for us to see their feet on the pedals (if used) and their hands on the keyboard. We do not want a full shot of the piano.

- **Guitarists & String Players** who are seated while performing must be visible from the bottom of their instrument up. The shot should also allow a string player's bow to be seen. If standing, please make a tight shot so we can easily view movement on the entire fingerboard too.

Questions about audition videos should be directed to Christie Chiles Twillie, National Artistic Director.
Phone: (847) 492-1833. Email: ad@pianolessonsinyourhome.com.

DEADLINE & VIDEO LABELING:

- Label the video with the performer's first and last name and phone number in case we have difficult viewing the file.
- **The video must arrive at the PLIYH Office by the first day of regular auditions.** Please consult the schedule on page one of the Site Visit packet for that date or call your local office. Phone numbers are listed at www.pianolessonsinyourhome.com.
- **The standard audition forms and Bio Sheet are also to be completed and mailed with the video.**

Mail or email this form, your Audition Sheets, Bio Form and your video to:
