

Musical Memory: Middle C Position Notes

Game Prep: Print and cut out squares. Cut out 3-inch squares of colorful cardstock or scrapbook paper (so you can't see through the cards!). Glue colorful paper to the back of each memory card. Laminate if desired.

Game Play: Mix up all cards. Place face-down on the floor and take turns picking two cards at a time. Try to match the note on the staff with its letter name. Whoever gets the most matches wins! This is a great way to review/practice note names.
